VOL. XVIII. NO. 59.

PADUCAH KENTUCKY. TUESDAY EVENING, MARCH 6, 1906.

10 CENTS PER WEEK.

THE MAYOR'S FIGURES SHOW COST WAS \$62.50

Only a Slight Difference in the Actual
Figures.

AFTER SHOWING COST WAS \$62.50 HE
TELLS HOW TO DO IT FOR \$17.50!

The Mayor Adds to the Length of Time the Plant
Has Run, and to Average of Lights Used.

The mayor has made public his figures on the cost of the light plant, and they are given below.

The figures made by the committee from the nidermanic board are also given and the differences are easily seen.

The principal differences are in the value of the plant, the number of lights and the interest charges. The mayor figured the interest charges at 4 per cent., which is all right, as the city can get money at that rate, and he figures the first cost of the plant at \$23,969.50, while the committee figured it at \$25,000.

If the committee had figured the cost according to its figures would have been about \$82.50. The greatest difference, however, is in the average number of lights, which cuts quite a figure in the estimates, and it is up to the mayor and the committee to show which is correct.

Mayor's Report.	The Committee Report.
Total cost, 11 years, . . . \$115,196.04	Total cost 10 years and 9 months, . . . \$115,595.22
Deduct present value of plant, . . . 23,969.50	Deduct present value of plant, . . . 15,000.00
	\$100,595.22
Interest on investment, . . . \$10,546.58	Int. on investment 5 per cent. \$25,000 for 10 yrs. 9 mo., . . . 13,437.00
Total . . . \$101,773.12	\$114,032.22
Average a year, . . . 9,252.02	Average per year, . . . 11,125.08
Average number lights, . . . 148	Average number lights, . . . 131
Average cost a light . . . 62.50	Average cost per light per year, . . . \$84.92

It will be seen that there is a difference of only about \$400 in the actual cost of the light plant to the taxpayers since it started as shown by the mayor's figures and those of the committee.

The mayor claims the plant has been operated for 11 years, however, while the committee figured it at 10 years and 9 months, three months less than the mayor.

The mayor also figures on an average of 148 lights, and the committee figured on an average of 131, which makes the greatest disparity between the two sets of figures. There is really no way to get at the latter, except to go carefully over the books, and this would not prove it conclusively, because formerly when the police were required to report every morning the number and

location of lights on their beats that were out during the night, there were scores of them in the course of a week. At other times the plant would be shut down for days while breakdowns were being repaired, such as during the sleet storm, when no lights burned for some time.

With all the mayor's investigating and figuring, however, he was unable to get below \$62.50 as the cost per light. And at the same meeting he had the temerity to tell the crowd on hand of a company that claimed the city could furnish the same lights at \$17.50.

The mayor did not attempt to explain why the cost of lights under his own administration and according to his own figures, was \$62.50 a year each if there is any possible way, to get them down to \$17.50.

1000 MORE POLICE FOR WINDY CITY

Money From Increased Saloon
License Will Support.

Will Cost \$1,000,000—Plot to Destroy Hoosac Tunnel Discovered by Officials.

LORD BARRINGTON'S LUCK

Chicago, March 6.—Chicago is to have a thousand more policemen at once. The city council last night increased the saloon license from five hundred to a thousand dollars and the money will be used to increase the police force. A thousand men cost a million dollars a year. If the number of saloons falls to five thousand, which is not expected, the increase in license will more than pay for the additional policemen.

Machinist Plot Discovered.

Boston, March 6.—An anarchistic plot to destroy the Hoosac tunnel, and docks, and other corporation property was discovered today, and put in the hands of the police. A letter was written to an official of the company saying that at a meeting of Italians it was planned to burn the property.

Harrington Not to Hang Yet.
St. Louis, March 6.—"Lord" Barrington, sentenced to death for the cowardly murder of John P. McCann, a Kentucky horseman, proba-

bly received a new lease on life today. The supreme court granted a motion to transfer his case to another court for consideration.

Coal Operators Meet Today.

New York, March 6.—The anthracite operators meet today to consider the miners' demands, and name a day for a joint debate with the miners' representatives. The joint conference will probably last some time as the operators have fortified themselves with statistics bearing on the eight hour day and advanced wages.

NO AUCTION SALES.

Says Graves County—Also Turned Down Three Year Contract Plan.

Mayfield, Ky., March 6.—A meeting of the executive committee of the Dark Tobacco Growers' Association, of Graves county, was held Saturday in the court house and several interesting talks were made but two propositions that came up before the committee were turned down. The suggestion of the "General Auction Sale" was argued but did not meet with much favor by the committee, hence was voted down.

"The Three Year Contract," which means that the farmers sign their tobacco crop to the Association for three years instead of one year as now predominates, was also given its dose and got lost in the shuffle. The farmers were also outspoken against such a proposition.

LABEL BILL.

It Now Dend as a Door Nail—Motion to Reconsider Defeated.

Frankfort, Ky., Mar. 6.—The motion to reconsider the label bill was today defeated in the house by a vote of 49 to 43. The bill was defeated Saturday by one vote.

ANTI POOL ROOM BILL Is Mysteriously Missing—Said to Be Stolen.

Frankfort, Ky., March 6.—The Louisville water works bill was signed by the governor. The anti pool room bill is mysteriously missing from the house and Simmons, of Covington, its author, declared to the house it had been stolen. The speaker named a committee to investigate.

President's Niece Operated On.
New York, March 6.—Miss Corinne Robinson, favorite niece of President Roosevelt, is recovering from an operation for appendicitis. None but the members of the family knew until this morning that the girl had undergone an operation, which was successful.

SOME DOUBT STILL OF THE SITUATION

One Berlin Paper Thinks War
is Imminent.

Another Assures a Compromise in the Moroccan Case, by the Kaiser.

AMERICANS LOSE CONCESSION.

Berlin, Mar. 6.—The Frankfurter Zeitung, an influential paper, at times having an official inspiration, states today that in government circles the international situation is regarded as crucial, and Europe today is as near a war as last summer when Germany was on the verge of a conflict with France and England.

A Compromise Probable.

Berlin, Mar. 6.—The Morgen Post says it learns from a diplomatic source that Emperor William not only intends to concede a compromise regarding Morocco, entirely satisfactory to France, but also desires to arrange a meeting between himself and the Kaiser of France, at Versailles during the emperor's forthcoming cruise in the Mediterranean.

Americans Lose Valuable Concessions.

St. Petersburg, Mar. 6.—It is stated that the concession of American syndicate, headed by Jno. D. Rockefeller, which was obtained through Premier Witte's influence for building a highly important railway between Chita and Taskend, through a rich and largely undeveloped territory, has been by the czar's command withdrawn.

Manifesto Issued.

St. Petersburg, March 6.—An imperial manifesto explaining a scheme for a reorganization of the council of the empire and the establishment of a duma, was issued today. The chief feature of the manifesto is a declaration that the autocratic czar will remain supreme.

Will Not Marry Mrs. Palmer.

London, Mar. 6.—The Duke of Atholl today denied the report that he would marry Mrs. Potter Palmer of Chicago.

CHAIN GANG SUITS

ARE FINALLY DISPOSED OF BY THE COURT OF APPEALS.

Two Appealed From McCracken and Won by the City, Were Affirmed Today.

Frankfort, Ky., Mar. 6.—The court of appeals affirmed the case of Murray against Paducah and Bartlett against Paducah and the court by Commissioner Carroll also affirms the Webster circuit court in the case of the City of Providence against the Providence Electric Light Co. The court upholds and enforces a contract of Feb. 3, 1903, for fifty or more lights and for privileges.

The cases from McCracken were "chaingang" suits in which the city was sued for damages for working prisoners on the streets. The city entered a general demurrer to the suits, alleging no cause of action, and Circuit Judge Reed sustained it, throwing the cases out of court. An appeal was taken by Attorney Wor-ton, and the court of appeals today affirmed, which ends the chaingang suits, it is supposed.

DESPONDENT WOMAN HANGED HERSELF

The Rope Broke and She Jumped Into Creek.

Bad Men From Jackson and Clay Counties Fight a Duel and 2 Are Fatally Shot.

A REMARKABLE COUNTY JUDGE

Shelbyville Ky., March 6.—After attempting to hang herself from a bridge, in which she was thwarted by the breaking of the rope, Mrs. Cynthia Skelton, wife of John E. Skelton, drowned herself in Clear Creek at the head of Fifth street about 5 o'clock this morning.

She had improvised a noose of a piece of sash cord and seagrass rope, and dropped from the bridge, which is about twenty feet high. The rope was broken by the weight and the woman dropped on the bank. She was determined to end her life and walked into the water, which is about ten feet deep at this point, and was drowned.

On February 9 Mrs. Skelton made an attempt on her life by swallowing liniment containing carbolic acid. It required hard work to save her life. The reason assigned for her rash act was brooding over ill health.

Fired Over 100 Shots.

Rogersville, Ky., March 6.—Last night a crowd of horsemen from Jackson and Clay counties en route home from attending court, engaged in a pistol duel, and more than a hundred shots were fired. Charles Crawford of Jackson county, was shot through the body and will die. Sam Fortune, of Clay county, was shot through both legs, and his horse was killed under him. Edmund Murray, of Clay county, who it is claimed shot Crawford, escaped.

Will Perform No More Ceremonies.

Cloverport, Ky., March 6.—County Judge Henry Moorman of Breckinridge county, 26 years old, married his first and last couple last Thursday. Today he issued a notice to the effect that he would perform no more marriage ceremonies, notwithstanding his legal right to do so. Judge Moorman holds that the marriage ceremony is too sacred to be performed in a public office before a curious and uninvited crowd.

Passed Forged Checks.

Mt. Vernon, Ky., Mar. 6.—The bank of Mt. Vernon caused the arrest of Miss Flora Pace, a student at Berea college, and Miss Lulu Whitney, of Livingston, on a charge of cashing checks raised from six to sixty dollars. Miss Pace gave bond and Miss Whitney, is in charge of the jailer.

Hotel Near Mobile Burns.

Mobile, Ala., March 6.—Fire this morning destroyed the Spring hotel near here. The hotel was filled with northern guests and many had narrow escapes. Nearly all lost their effects. Loss \$50,000.

MARRY AT METROPOLIS. James Vlaholeas and Miss Nannie Kelly Left For Gretna Green.

James Vlaholeas, the confectioner, and Miss Nannie Kelly, left for Metropolis, Ill., on the Cowling this afternoon to be married. The groom is well known in business circles and the bride resides on South Fourth street.

TOBACCO BILL PASSED.
Substitute for the James Bill Goes Through the House.

Washington, March 6.—The house this afternoon unanimously passed the bill removing the 6 cent tax on leaf tobacco. The bill was a substitute for the James bill to the same effect.

NO TRUTH IN THE REPORT OF REMOVAL

The Ferguson-Palmer Company
Will Remain Here.

Have Just Closed a Contract That Will Keep Their Mills Busy for Five Years.

BOUGHT 5,000 ACRES OF LAND

It has been reported in some circles for several days that the Ferguson-Palmer Co., owners of the big lumber mills, on South Third street, contemplated moving their plant to Memphis, and The Sun in making an investigation today finds that the report is untrue. On the other hand, the company has made a contract which will keep their mills in operation, night and day, for five years.

The company has been on a trade for two tracts of land, one in Tennessee and the other in Arkansas, and have closed for the Tennessee tract. It consists of 5,000 acres of very heavily timbered lands, the timber being oak, ash, and cottonwood, and is located near Ripley, Tenn.

If the company had bought the Arkansas land it would have put up an additional plant at Memphis, which probably led to the rumor current that the local plant would be removed but the timber from the tract bought will all be brought to Paducah.

TWO AFTER IT.

The City May Rent Out the Old Hospital Building.

Mayor Yelzer has two applications for the rental of the old city hospital, and will probably rent it out this week. Wm. Byrd wants to rent half of it, and a Mr. Sledd wants to rent the other half.

The mayor has been trying to sell the property, offering it for \$3,500, which he thinks is a very low price, but the best offer he has had is \$2,500 and he turned it down. It will be leased only from month to month as the mayor thinks he may find a purchaser for it at any time and wants to be in the position to give possession at once in event of a sale.

GUN CLUB GROUNDS.

Will Be Put in Good Condition by Traction Co.

Manager John Bleeker, of the Paducah Traction Co., went out this afternoon with several members of the Paducah Gun club to look over the grounds preparatory to making necessary repairs.

The gun club has given several famous tournaments here and the grounds have been a source of great pride. It has been suggested that improvements be made, and the traction company is willing to do all it can.

The usual fortune of complaint is to excite contempt more than pity.

Mr. Frank Murphy Will Be Here in a Short Time to Take Charge of Palmer

Mr. Joseph L. Friedman, of the Palmer House company, this afternoon received a telegram from Chicago stating that Mr. Frank Murphy would arrive in Paducah between the 17th and 20th of March to take charge of the Palmer House. Mr. Murphy was here last week, and after making a complete investigation

BIG CONCATENATION ON MARCH THE 17TH

Committees Appointed by the
Hoo Hoos Last Evening.

A Number of Candidates Expected to Travel the Rocky Road in This Popular Organization.

BIG BANQUET TO BE GIVEN.

A meeting of local Hoo Hoos was held at the office of the Faust Lumber company in the Fraternity building last night, and committees were appointed to arrange for the big annual concatenation of the order to be held in Paducah on Saturday, March 17th. A concatenation is simply an initiation or installation, and only one a year is held in any particular place.

The committees to arrange for the Paducah meeting are:

Banquet: Earl Palmer, J. T. Donovan, C. H. Sherrill, and George Phillips.

Entertainment: Luke Russell, E. L. Faust, and A. J. Decker.
Hall: Al Foreman, Will Scott and John Ferguson.

Membership: J. W. Riglesberger, J. M. Clements, Ed. Woolfolk and H. S. Wells.

The Hoo Hoos is an organization of lumbermen, those allied with the lumber industries, and editors of papers devoted to the lumber interests. Usually there are from a dozen to thirty candidates. A black cat is the emblem of the order. The dues are \$9.99 a year, and everything runs in 9's.

After the work, which will begin at 9 p. m. in whatever hall is secured a big banquet will be given.

TWO ACCIDENTS.

A Girl Dislocates Her Thigh, and a Boy Breaks An Arm.

Annie Feezor, age 12, is suffering from a broken thigh bone on the left side. She was walking across the room when her toe caught in the carpet or rug and tripped her, causing the fracture in the fall.

Dr. J. S. Troutman dressed the injury. The girl lives on Thurman St in the south end of the city.

The two year old son of Mr. Walter Scott of Mechanicsburg, fell from the porch this morning and broke his left arm below the elbow. The injury was dressed by Dr. J. S. Troutman.

The 12-year-old son of Ed. Morgan the blacksmith, of South Fifth street, was "pawed" by a horse this morning. The boy had gone into the stall when the horse began pawing and caught him over the right eye. The injury is painful but not serious. Edwin, the 5-year-old son of A. C. Hargrove, manager of the Prudential Insurance Co., while playing today, fell and broke his left arm.

Suits Filed Today.

Two suits were filed in circuit court this afternoon by Attorney Egester, colored.

Fannie Cobb filed suit against Will Cobb for divorce on the grounds of abandonment. They married in 1901 and separated in 1904.

Ida Watts filed suit against Moses Watts for divorce on the grounds of abandonment. They married in 1895 and separated in 1900.

Taken to Hopkinsville.

J. W. Edwards, of Tennessee St., age 52 years, was taken to Hopkinsville last night by the family physician, Dr. B. T. Hall. He was yesterday adjudged insane by a jury, but the trial was simply a matter of form Edwards agreeing to go. He has been despondent and brooding for months until his mind was affected.

of the hotel and the improvements needed, left Saturday evening for home to make a report to the interests he represented.

The telegram received this afternoon indicates that Mr. Murphy's report was most favorable, and that the hotel deal will be consummated at once and the new owners take charge.

Just Received

A large line of pants goods. Pants made to your measure for \$5 and \$6. We handle nothing but good goods. Not a piece of cotton goods in the house.

Suits from \$25.00 up.

All work done in Paducah.

The above is Miss Florence Davis, who will be at the Kentucky theater tomorrow afternoon and night in "The Player Maid." Miss Davis has made a lasting impression wherever she has played, and in the south was well received. She is a grand-niece of former President of the Confederacy, Jefferson Davis, and is a prominent member of the Daughters of the Confederacy, and an active worker in the organization.

TOBACCO NEWS

A BIG SALE IS REPORTED FROM MIDWAY KY.

Reports From the Clarksville and Hopkinsville Tobacco Markets.

Big Sale At Midway.
Midway, Ky., March 6.—Dr. Sam H. Halley, of Payne's depot, has just sold to M. Hughes, representative of the Continental Tobacco company, his crop of 271,000 pounds at 7 1-2 to 9 cents. This is probably the largest tobacco sale so far reported in Kentucky, and gives the producer of it the right to be called the "Tobacco King." The sale brought over \$21,000.

Hopkinsville Tobacco Market.
Hopkinsville, Ky., March 6.—As compared with last year, the Hopkinsville tobacco market this year shows a most satisfactory increase along all lines the comparative figures, as shown by the monthly report of the inspectors, being as follows:

	Same time	This Year	Last Yr
Receipts for month...	895	80	
Receipts for the year...	1,585	180	
Sales for month...	189	70	
Sales for the year...	1,107	278	
Shipments for month...	1,491	378	
Shipments for year...	2,758	831	
Stock on sale...	1,700	534	
Stock sold...	145	599	
Total stock on hand...	1,845	1,135	

This increase is due to the exceedingly early delivery, which has been of last year's crop. The farmers have taken advantage of the frequent seasons of favorable weather which they have had, and the larger portion of the crop has already been delivered.

Clarksville Tobacco Market.
Clarksville, Tenn., March 6.—The receipts in the local tobacco market in February were 357 hogsheds; sales, 251 hogsheds; total stocks March 1, 1,277 hogsheds, of which buyers held 357 hogsheds and sellers 920 hogsheds. The receipts last week were 50 hogsheds, offerings on the breaks, 13 hogsheds; total sales, 60 hogsheds. The market remains unchanged. The following prices are quoted: New lugs, \$4.25 to \$4.50; common lugs, \$4.50 to \$4.75; medium lugs, \$4.75 to \$5.25; good lugs, \$5.25 to \$5.75; low leaf, \$5.50 to \$6.25; common leaf, \$6.50 to \$7.00; medium leaf, \$7.50 to \$8.50; good leaf, \$9.00 to \$10.00; fine leaf, \$11.00 to \$12.00.

YOU DON'T HAVE TO WAIT
Every dose makes you feel better. Lax-Fos keeps your whole system right. Sold on the money back plan everywhere. Price 50 cts.

Boiler of Mill Explodes.
Brandenburg, Ky., March 6.—The boiler in the flour and grist mill of Paul Mills, near Rhodella, exploded, demolishing the plant and injuring seven people. Paul Mills, Martin Greenwell, Richard Humbert, Ray Vessels, Gabe Rhodes, Albert Rhodes, Harry Ashcraft were all seriously injured. A large tree near the mill was cut in two by the boiler.

Everlasting War

The child is born with the final cause of death present in its little body. From the moment of birth it goes through life with the one broad cause of disease ever present. Nature is waging a continuous battle against this enemy, and on her everlasting war depends your life. And you—are you helping or hindering Nature in her fight?

NATURE'S WAR ON WASTE MATTER

Strike the table with your hand. By doing so you have worn out little particles of your muscles.

Did you ever stop to think what becomes of this worn out muscle? Your physician will tell you that it changes into uric acid.

Every time you move you make uric acid, every time you eat too much you make more and so the blood is always full of it. But too much uric acid in the blood is a deadly poison.

Well, nine people out of every ten you meet have an overload of uric acid in their blood. It causes nineteen-tenths of all chronic disease.

Have you Rheumatism of any kind? Uric acid has caused it by settling in the joints or muscles.

Have you heart disease, kidney trouble, cystitis, lumbago, catarrh, neuralgia or stomach trouble? Uric acid is the cause.

No matter in what part of your body uric acid settles—in that part disease is present.

LIFE PLANT IS NATURE'S HELPER

A good workman always has a helper.

Nature is a good worker and a hard fighter, and she too has a helper. You have just read how uric acid is ever present in your system, how it diseases different parts of your body.

Well, Nature works hard, fighting, getting rid of this poison, but when you feel badly there is too much uric acid present. Nature can't get rid of it alone, she needs help.

LIFE PLANT aids Nature, dissolves the uric acid and stops the system from making too much of the poison.

LIFE PLANT is a tonic. It makes the blood rich and pure, aids the stomach and kidneys and encourages the heart, tones up the entire system and makes a healthy body.

LIFE PLANT does not simply deaden pain, it cures. It is a natural medicine, made from roots and herbs to remove the cause of disease—it cannot harm you.

HOW URIC ACID DISEASES BEGIN

Headache, poor digestion, biliousness, dry skin, darting pains, sleeplessness, dark colored urine, in women, menstrual disorders, sluggish brain and shortness of breath. These are the beginnings of disease, the start of uric acid's fight against health.

R If you have any of these symptoms, or already have any disease which follows them, act at once. For the sake of your health don't delay. Come to Nature's aid at once. Take **LIFE PLANT**. Cure yourself by removing the cause—uric acid.

FREE

Write to our Medical Director. Tell him all about your case. He will give you expert advice and charge you nothing. Send a small bottle of urine to him for free analysis.

WRITE FOR OUR VALUABLE FREE BOOKLET ON GOOD HEALTH

GUARANTEE—LIFE PLANT is a purely vegetable medicine. It contains no strong drugs, narcotics or stimulants. Chemists are urged to analyze it.

VISIONARY SCHEME THINKS EDUCATOR

Little Prospect of the Phonetic System Being Adopted.

The National Educational Association Will Probably Reject the Plan.

NO ONE EVER USES IT ANYHOW.

The matter of phonetic spelling in the schools throughout the country is attracting the attention of educators and this was one of the questions brought up at a departmental meeting in Louisville during the meeting last week of the superintendents and college men's division of the National Educational Association.

Several superintendents in prominent Kentucky towns have expressed themselves adverse to the methods suggested by the departmental meeting and Supt. C. M. Lieb, although he did not attend this particular meeting while in Louisville, has about the same idea, as seems general among educators.

"The matter of phonetic spelling is one that is attracting attention everywhere in the country," he stated, "but I do not think it will ever reach a point where the reform will really be started in the way it has been suggested. The departmental meeting at Louisville last week was held separate from the national educational association meeting. It was a side issue and I was not in attendance. I have read and investigated the matter and find that about 11 or 12 words is the limit set for each year. It is the idea of the educators to adopt the phonetic spelling reform gradually, but the question to my mind is how much reform will be accomplished at that rate. We can easily see that from 10 to 12 words are added yearly to our language and if we take but this number of words already embodied in our language, we will be virtually standing still. There will be no progress.

"Take on the other hand, however, the matter of adopting the phonetic alphabet. If this be done we have 42 sounds and every word will be spelled as it sounds. This would make spelling and pronunciation easy. It will, you might say, preclude misspelling, and the only thing we might lose by it would be the history of our language, for as we have words from every language, if the phonetic alphabet were adopted we should have a hard time keeping the history of our language. This is the only objection that could be raised to the adoption of this kind of spelling, but to make it a success the entire phonetic alphabet would have to be adopted and not from 10 to 12 words annually."

Supt. Lieb stated that he did not

believe that this reform would ever be brought about successfully, although he does not see where it might be a disadvantage other than the sentimental reason mentioned above.

Prof. McHenry Rhoads, of Owensboro, is quoted as saying along this line:

"The only way to change words is to allow the objectionable parts if there are such, to slough off naturally. I do not think the National Educational Association will concur in the resolution. Several years ago the association changed the spelling of ten words. To this day, the only person in the United States, so far as I know, who has spelled the words the new way is the secretary of the association in his reports, and he did it because he was required to do so by a rule of the association."

NOVEL EXPERIENCE

Ship Caught in a Storm and Spun Around Like a Pin-Wheel.

Norfolk, Mar. 6.—Caught in the center of a hurricane off Barnegat Tuesday of last week, and spun around in the storm like a pin wheel, was the thrilling experience which the British steamer *Manitina* passed through. The vessel arrived here overdue from New York. She left New York for Norfolk with coal and those aboard stated the wind blew from eighty to a hundred miles an hour, and within a circle twenty-five miles the vessel spun round like a top, and was unable to get out of the very center of the hurricane. The ship was uninjured.

If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve. Sold by Lang Bros.

TRIBAL FIGHTING BEGINS IN TANGIER

Bandit's Followers and Kabyle Tribe at War.

The Moroccan Controversy is About to Be Amicably Concluded, It Is Said.

COTTON COLONY FOR GERMANY.

Tangier, Mar. 6.—Fighting between the followers of Pasull the bandit chief, and the Kabyle tribe, began last night at Bimlinsuh. The Kabyle warriors were defeated and two of their number were killed. It is feared the fighting may extend to other tribes and the government is attempting to restore order.

May Be a Settlement.

Algiers, Mar. 6.—One of the delegates having a most vital interest in the conference on Moroccan reforms said today that a settlement of the controversy between France and Germany now seemed possible, but he declined to make known the lines the arrangement would take.

All English Troops Gone.

Halifax, Mar. 6.—Imperial troops completely evacuated Halifax Garrison today when the royal engineers, the last remaining unit, embarked for England. The garrison is now manned exclusively by Canadians.

50 Fishermen Drowned.

Tromsheim, Norway, Mar. 6.—Sixteen fishing boats of the fleet missing several days following a severe storm, are still missing. Fifty fishermen have been drowned.

To Establish Cotton Colony.

Berlin, Mar. 6.—Privy Counciller Daasche has returned from a tour of German East Africa and reports that country offers a splendid field for growing cotton if properly developed. A colony would not only make Germany independent of American cotton growers, but it would also be able to compete with America for the markets of the world.

It seems the only rational remedy for coughs and colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the original Laxative Cough Syrup, the best known remedy for coughs, colds, croup, whooping cough, etc. Tastes good and harmless. Sold by Lang Bros.

Fatal Fight Over Woman.

Henderson, Ky., Mar. 6.—In a quarrel over a woman here Andrew Perkins shot and instantly killed William Ward. There had been bad feeling between the men for some time, Perkins made his escape.

CHESS CLUB

Re-Elected All Its Old Officers at a Meeting Held Last Night.

The annual meeting of the Chess Checker and Whist Club was held last night, and the old officers were re-elected as follows:

Dr. J. Q. Taylor, president; Chas. Thompson, vice president; Nolen W. VanCulin, treasurer, and Frank B. May, secretary.

President Taylor will shortly select the committees who are to have charge of the respective departments of the club for the ensuing twelve months.

The old boards of directors was re-elected, also, as follows: Dr. Taylor, Harry Meyers, Henry Diehl, Nolen W. VanCulin and Robert L. Reeves.

It is probable the club will give its annual smoker and reception in a few weeks.

Cured Consumption.

Mrs. R. W. Evans, Clearwater, Kan., writes, My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. 25c, 50c and \$1.00. Sold by Alvey & List.

To Revoke B. and O. Railroad.

Baltimore, O., March 6.—A bill will be introduced in the legislature revoking the charter of the Baltimore and Ohio railway. The state is a shareholder and the road refuses to pay dividends on its branch earnings. The charter exempts the road from taxation.

The best safeguard against headache, constipation and liver troubles is DeWitt's Little Early Risers. They don't gripe. Sold by Lang Bros.

Want \$1,000 Saloon License.

Columbus, O., March 6.—A memorial to the legislature from the business men of Springfield lays the recent riots at the door of the saloons and they request the passage of a proposed bill to increase the saloon tax to \$1,000 a year.

Daily Thought.

"Every cry of need is God's open door to some garden of Paradise."

THE TRICK DIDN'T WORK.

The ruse failed. The gang's bluff didn't work worth a cent. The council didn't wilt. And it is well.

There was no occasion for any petition, any mass meeting, or anything else over the lighting proposition last night. No contract could possibly have been let last night, or even have been considered. There was no notion that the council could take except to pass an ordinance authorizing the city, while the ordinance was in force, to either furnish its own lights or award a private contract for them. Even if this ordinance had been passed it would have amounted to nothing, as it would have had to be passed once again by the council and twice by the board of aldermen, then go to the mayor, who, after keeping it the maximum number of days would doubtless have vetoed it, as he vetoed the sanitary sewerage and other such ordinances when republican boards were in office several years ago.

After the mayor had vetoed the ordinance, it would have to be passed again over his veto, and after this formality, which would require at least several weeks to complete, the proposition from the light company might come up. Then if anyone desired to be heard on it, it would be time enough to ask to be heard. There was no occasion for a hearing last night, and a great many of those who professed to want to be heard probably knew it.

One of "the gang" said yesterday when told that the light question would not come up last night, "We're going up and raise h— anyhow." That expressed the situation in a nutshell. Some of those opposed to the light proposition are in good faith. Others are not. They have not given the question any serious thought, and do not understand it. Some have a grudge against somebody or something, and that's why many oppose the light contract. Others are not tax payers. Others are taxpayers but would much rather pay twice the amount of taxes and see the present boards "in hot water," and help "raise h— with 'em," quoted from an expression above, than to have an economical, business-like city administration under republican boards. These men belong to the gang, and they are largely the ones who have agitated the light question and mistified a large number of people about it.

Another thing, a few hundred people, or a petition containing a few hundred names, do not represent the people of Paducah. There are 20,000 or more people here, and 4,000 or more voters. A legislative board must think of those not present and not on a petition, as well as those who are. The members of the boards must do what they think is best for the people in general.

We believe that the present boards

will be found doing this every month in the year.

AN EMPTY DREAM.

Last night Mayor Yelser reported a plan of burning coal in such a way as to furnish gas as power to run the city light plant, and by using gas instead of steam, reduce the cost of arc lights to the city to \$17.50. The mayor did not say that this could be done, or that he believed it could be done, but evidently he desired his hearers to think it could be done. He did not once attempt to explain how preposterous such a scheme is. For instance, the actual cost of operating the light plant last year, as shown by the auditor's report, was \$10,368. The city used 165 lights. This made the actual cost of the lights \$64 and a fraction. The cost to the city of coal for last year was \$1681. The cost for coal of each of the 165 lights was consequently \$10.20. If you take this \$10.20 spent for coal for each light, from the average cost of the lights for the year, \$64, it leaves the cost \$51, in round numbers, which represents what the lights would have cost if the city hadn't paid a cent for coal. In other words, if the city had been able to operate its plant without a dollar's worth of fuel, it still would have saved but \$10 a light, and would have made the average cost per light \$54, for the "moonlight schedule." The light company proposed to furnish this same light for \$52. Yet the mayor apparently wishes people to believe that by saving part of the coal the city can get the cost of lights down to \$17.50, when by saving all of it the reduction last year would not have brought the cost of lights under Mayor Yelser's own administration, below \$54.

REDUCTION IN THE TAX RATE.

The council has taken the first step towards reducing the tax rate in Paducah. The ordinance passed last night fixes it at \$1.60. This is a reduction of 25 cents on the \$100. It means a big saving for the taxpayers. It was hoped to make the tax rate even lower, probably \$1.50, but this will be impossible, for there are a number of things that should have been done by the old boards last year or the year before that were not, and they have to be done now to give the people the service and benefits they are entitled to.

The remains of the former administration, as everyone knows, has tried every way in its power to pile more expenses on the new boards and make the cost of running the city as heavy as possible, and yet the tax rate will be about \$1.60 this year, if indications count, where it was \$1.85 last year.

The taxpayers, while they may be somewhat disappointed because the rate is not \$1.50, what it was hoped it would be, will doubtless be more than glad to learn of a \$1.60 tax rate.

A number of people, when they heard the mayor's statement last night relative to the pipe dream of some company that proposed to substitute gas for power to run the light machinery and enable the city to make lights for \$17.50 each, were obviously astonished. The mayor made his announcement with due solemnity, just as if he did not know how ridiculous it was. If the city of Paducah or any other city, saved every dollar paid for its power to run its light plant, it still would not cut down the cost of lights over \$10 or \$12 each a year. Taking the estimated cost of lights to a city as given by municipal ownership advocates, which is largely visionary, there is no possible way that are lights could be furnished at this price, if the city owned an automatic plant that didn't cost a dollar for power to run its dynamos.

The Sun's railroad map, showing the position of various railroads completed or projected in this section, has attracted a great deal of attention, and the announcement that the Gilbertsville-Mayfield "cut-off" was to be built within the next two years was news to many people. The Sun has known that this road was to be built, however, for a year or more. It will have no effect on the business of Paducah, and is an absolute necessity to the railroad in meeting the competition which becomes greater every year necessitating shorter lines and better time for all departments of the road. The indications are that Paducah will get one or more new railroads, though, between now and the time this long talked of "cut-off" is started or completed.

The members of the council did well. They refused to allow a move concocted largely by their political enemies and the enemies of one of

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.

SCOTT & BOWNE, 409 Pearl Street, New York.

Paducah's largest taxpaying concern, to have the slightest effect on them. That's right. When the members of Paducah's legislative boards become so they can't look after the city's business without being dictated to, they will doubtless be ready to resign. If their judgment isn't good they ought not have been put there. If their judgment and acts do not suit the people, they ought not be put back. They are willing, it is understood, to stand on the records they make. But they don't propose to allow the gang to dictate to them.

The libel bill was defeated in the legislature by one vote, but it was only temporary. It is not understood what rational opposition there can be to the bill, as it gives every one protection, and only makes a ladder law for the newspapers. Every kind of business and industry is adequately protected by law for its misfortunes and mistakes except the newspaper. It is to be hoped that the new libel law, when reconsidered, will be passed.

The council ordered all supplies, such as coal and feed for the city's horses, to be weighed on the city scales. This is a good move, and will insure the city's getting its money's worth. The members of the finance committee will attend to the bills when they are presented, and look after that end of it.

BENCH WARRANT

Charging Hermann Matthews With False Swearing.

Hermann Matthews, colored, was arrested this morning by Deputy Sheriff Gus Rogers on a bench warrant charging false swearing.

Matthews was arraigned in police court last June on the charge of a breach of the peace. He was alleged to have gone to a woman's house near 10th and Main streets broken out windows with bricks and causing a panic among the inmates. He swore in police court that he was not guilty and tried to prove an alibi by showing he stayed at his grandmother's house that night.

The grandmother swore that Matthews was not at her house on the night in question. This led to Matthews being indicted by the grand jury and he was arrested this morning in Paducah after he had been absent for several months.

POPULAR OFFICER.

Patrolman James Clark Able to Visit City Hall Today.

Officer James Clark, who was shot in the left leg twice by John Tice the negro desperado, who engaged in a battle with several policemen and half a hundred citizens at Eleventh and Broadway on Christmas day, was for the first time a visitor to his friends and fellow officers at the city hall today.

Officer Clark's condition the first few weeks was precarious and for a time it appeared that his leg would have to be amputated. By hard work blood poisoning was averted and the popular policeman rapidly improved until he was able to walk about on crutches. He has also improved wonderfully in appearance in the past month and thinks he will be able to go to work again on the force by April 1st. His many friends will be glad to learn of his recovery.

Articles of Incorporation.

Articles of Incorporation have been filed of Faust Bros. Lumber Co. Capital stock \$25,000, divided into shares of \$100 each. Incorporators: G. L. Faust, \$6,000; J. H. Faust, \$6,000; W. H. Newcomb, \$1,000; B. M. Wakelied, \$500; J. R. Coleman, \$500; J. R. Grogan, \$1,000.

The purpose of the organization is to deal, at wholesale, in hardwood lumber. It is authorized to commence business March 5, and continue for a period of 25 years. Mr. C. L. Faust will be president, Mr. W. H. Newcomb, vice president, Mr. J. H. Faust, secretary and treasurer. The home office of the new company will be Paducah with offices in the Fraternity building. The other stockholder is S. K. Hale, Jr., who holds \$2,000.

MUCH BUSINESS FOR SCHOOL BOARD

Regular Monthly Meeting This Evening.

A Superintendent of the Schools to Be Elected Tonight—Also Census Enumerators.

OTHER NEWS OF THE SCHOOLS

The school board will meet tonight in regular session and will have a great deal of business to transact.

Among the most important matters to consider outside the election of a superintendent of the schools, is the eligibility of Trustee Will T. Byrd who was clerk of the county tax book supervisors at the time he qualified as a member of the school board. The question of his holding the two offices was brought up and a difference of opinion expressed. The board will have to definitely determine tonight if he is eligible. The committee, it is understood, will make no recommendation.

Another matter will be the receiving of McKinley school. There was a defect in the plastering and the receiving of the school by the board was held open until the defects were repaired. It was alleged that the plasterers did not put in the kind of plastering specified in the contract. The matter was referred to a committee and the final report for definite action will be brought in tonight.

The census enumerators will be selected tonight and there is a large number of applicants to select from. Besides this the superintendent will also be elected for the ensuing year. It is presumed Supt. Lieb will be re-elected, as he is the only applicant.

Supt. Lieb will have a report to make for the past month but it will be brief. He will outline the work accomplished during February and will report a decrease in average attendance due to the bad weather. Other business before the board will be chiefly routine.

There is but one candidate for superintendent of the schools, Mr. Geo. O. Melhroom, who had been mentioned as a candidate, will not be one.

Track Team Training.

The Paducah High School track team is working hard getting into trim for the pending meet with Cairo and Metropolis high school teams.

The boys take daily runs and practice at putting the shot and hammer and also work at tennis. A tennis court has been rigged up in the rear of the High school building and members of the athletic department are playing tennis regularly daily.

No definite arrangements have been made relative to the meet, but this matter will be brought to a head when the weather gets warmer and makes it possible to enter into the regular work. One of the features of the meet will be a cross-country run. There are some good runners in the High school team.

Cairo is willing to come but wants only a one day meet. Metropolis has suggested oratorical contests in addition to the athletic events and is willing for a three days' meet as Paducah has suggested. Definite arrangements are expected right away.

To Give a Recital Here.

Members of the High School Dramatic club are preparing for the visit of Miss Mannheim, of Cincinnati, a noted teacher of dramatic art who is at the head of the Cincinnati dramatic school. Miss Mannheim will be here this month some time to give a reading or recital of some nature and the visit will be made under the auspices of the High School Dramatic club.

Candidates for Enumerators.

The election of school census enumerators will come up tonight. Three are to be elected and there are five applicants, Harvey Phillips, J. L. McGuire, J. M. Hart, James Wilcox and J. C. Lee.

NOTHING NEW

In the Augustus Case, Says Detective.

Detective T. J. Moore stated this morning that he had no new developments to report in the Garner or Augustus murder matters.

The officer stated that he was not after the alleged murderer of Augustus and it was a matter of location now. He thinks he has enough proof to establish a strong chain of circumstantial evidence against the man, even if the witnesses fail to

identify him as the man who wore the yellow jacket and who attacked Augustus when the latter's son was present.

The Garner case has taken a back stand since the Augustus matter, but the officers are working on it what little time they have.

Invitations and wedding announcements are a specialty of The Sun's job department with prices lower than elsewhere.

A busy man has but little time in which to act mean.

THANKS EXTENDED

To the Typographical Union by W. R. Hearst, the Editor-Contributor.

Mr. A. E. Stein, secretary of the local typographical union, today received a letter from the secretary of Congressman W. R. Hearst, in response to one notifying Mr. Hearst that he, Mr. Hearst, had been made an honorary member of Paducah Typographical union, No. 134.

The letter is:
NEW YORK AMERICAN.
William Randolph Hearst.
March 2.

Mr. A. E. Stein, Secretary Typographical Union, Paducah, Ky.
Dear Sir:—

Mr. Hearst has received your letter and wishes to express his sincere appreciation of the action taken by the members of your organization.

Yours very truly,
(Signed) L. J. O'REILLY, Secy.

"Wheels" Are "Headgear."

Tom—Twenty dollars for that simple fall hat? You must be crazy!
Clara—Well, I must say it's going to my head.—Mail and Express.

Young Policeman (running in old offender)—Mind the step, there.
Old Offender (scornfully)—Garn w' yer! I knowed these 'ere steps afore you was born.—Tatler.

Courage consists not in blindly overlooking danger, but in meeting it with the eyes wide open.

IN THE COURTS

Police Court.

Police court consumed exactly one hour this morning, the docket being light and void of any important cases.

Louis Vaughan, white, was fined \$50 and costs for flourishing a pistol and threatening to shoot Peter.

John Bolen, colored, was held over on the charge of grand larceny. He is alleged to have stolen a bicycle from Mr. Henry Rankin at the Langstaff-Orme sawmill.

John Alexander, colored, for malicious cutting, was granted a continuance.

Other cases were: Clark Wallace, white, drunkenness, \$1 and costs; Richard Williams, white, disorderly conduct, \$2 and costs; Henry Mitchell, disorderly conduct, \$10 and costs; Geo. Boaz, colored, breach of ordinance \$3 and costs.

Benton Court.

Circuit court yesterday began at Henton, the grand jury being impaneled. Today Judge Reed returned and impaneled the petit jury. Court will probably not last long, as Judge Reed is prompt and quick and will clear the docket as soon as possible.

County Court.

The county liquor license of H. A. Douglas, at Third and Tennessee streets, was yesterday transferred to James McNulty, to First and Broadway.

The county liquor license of Chas. Smiley at 120 Kentucky avenue, was yesterday transferred to N. G. Yooder at 10th and Norton streets.

E. O. Thomas was appointed administrator of George Queen.

Deeds.

J. W. Magnor deeds to Margaret Curd, for \$1,510, property on Salem avenue.

D. A. Stewart deeds to W. J. Johnson, for \$150, property in the county.

Heirs of G. W. Norton deed to Helena Evitts, for \$100, property in the Norton addition.

Belle Sisk deeds to J. L. Bennett for \$100, property in the O'Bryan addition.

S. F. Wood deeds to Jerome Wood for \$150, property in the Thurman addition.

Fannie R. Dunn and husband deed to B. H. Thomas, for \$1,100, property on Trimble street.

Suits for Divorce.

Edgie Wilson has filed suit for divorce against Lyman Wilson alleging drunkenness with the wasting of his estate. They married June 28, 1905, in Paris, Tenn., and separated October 26, 1905. She asks in addition to the divorce for \$25 a month alimony. Wilson is a painter and this was his second venture in matrimony. His wife is a Metropolis girl who married him while she was attending a business college here.

Eunice Boyd filed suit yesterday against Essoline Boyd for divorce alleging abandonment. They married in 1901 and separated in 1903 when she alleges the abandonment occurred.

Tried to Kill His Wife.

Detective T. J. Moore arrived from Huntingdon, Tenn., this morning with John Alexander, colored, charged with maliciously cutting his wife, Sallie Alexander, during December. The cutting affair was not discovered until a few days ago when Detective Moore found it out while investigating other cases. He questioned the woman until she admitted her husband had tried to kill her. On the solicitations of the officer she secured a warrant and Detective Moore located Alexander in Huntingdon and went after him. The prisoner came without a requisition and will be tried in police court tomorrow morning.

LANG BROS.' UNUSUAL OFFER.

"It isn't often that we have faith enough in the medicine put up by other people to be willing to offer to refund the money if it does not cure," said Lang Bros. to a San man who dropped into their store "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that basis.

"The Dr. Howard company, in order to get a quick introductory sale, authorizes us to sell their regular fifty-cent bottles at half-price, 25 cents, and, although we have sold a lot of it, and have guaranteed every package, not one has been brought back as unsatisfactory.

One great advantage of this specific," he continued, "is its small dose and convenient form. There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water."

Get the Best.

The Sun's Want Ads

Everybody has two educations—one which he receives from others, and one, more important, which he gives himself.

Dear Doctor—

I owe you so much—
for you saved my mama's life—
she was awfully sick—the Doctor
came and Papa cried—so did I—
The Doctor could not help her—
but Aunt Emma—She told
mama to take Dr. Pierce's Favorite
Prescription—and so she got
well in nough time.

I thank you very much

To Dr. R. V. Pierce.

Enid Decker.

Many mothers of families in the United States have reason to be grateful to the person who recommended Dr. Pierce's Favorite Prescription. This is a medicine specially prescribed for diseases of womanhood. It does not cure eczema, catarrh in all its forms, nor heart disease, for it is put up for the single purpose of curing diseases peculiar to women. It has a reputation of over a third of a century of cures, and has sold more largely on this continent than any other medicine for women. Another point in its favor—it does not contain a single drop of alcohol or harmful habit-forming drugs. It is purely vegetable and perfectly harmless in any condition of the system. An alcoholic compound for women is something no woman should take and yet "Favorite Prescription" is the only tonic and nerve put up for sale through druggists, especially for woman's weaknesses, that does not contain alcohol and that too in large quantities. Womanly weakness will always bring nervous irritability and a nervous condition, for which alcohol is the worst thing in the world. What a woman thus afflicted needs is a vegetable tonic and invigorating nerve like Doctor Pierce's Favorite Prescription, which will build up her delicate system and bring about a healthy tone. It cures the drains and weaknesses of women, also displacements, as prolapsus, anteversion, retroversion, irregular and painful periods and kindred ailments.

line of treatment should be followed out in your particular case, and if your case does not indicate the need of his proprietary medicine, he tells you plainly and frankly what you do need, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're the mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their ailments or their physical condition, Dr. Pierce offers careful consideration and the best medical advice within his power, free of cost.

MECHANICS AND FARMERS SAVINGS BANK
227 Broadway

DISAPPOINTED WAS CROWD LAST NIGHT

The Council Did Not Consider the Light- ing Proposition Or Ordinance.

It was a badly disappointed crowd that assembled in the city hall council chamber last night for the purpose of hearing what might be said in regard to the light question, or to participate in the discussion. The council proceeded with its business and about 10 o'clock when the ordinance providing that the city of Paducah might furnish light from its own plant, or by private contract, was read, it was simply referred, which ended the question so far as the council is concerned with it at present.

The crowd present last night was estimated at from 75 to 150. Efforts have been made to leave the impression that there was a monster crowd present, when as a matter of fact, the whole city hall will not hold many people, and the council chamber very few, even when they are all standing.

The council passed on its first reading an ordinance fixing the tax rate at \$1.60. Some of the members believed it should be made \$1.65, but the \$1.60 idea prevailed.

The councilmanic board met in regular session last night with Councilman Dipple absent.

Mayor Yeiser presented a petition from property owners and residents asking that no saloon license be granted anyone on Broadway between Fourth and Fifth street in the building now occupied by the Brunswick billiard hall. The petition was received and filed.

An application from David Bierbruer, of Chicago, for the position of city electrical inspector, was received and filed.

The board of works recommended refilling the Sixth street bridge. The matter was referred.

An application from John Lehrer for sanitary inspector was filed. The mayor read a letter from C. C. Rose, insurance commissioner, urging the immediate election or appointment of F. O. Evertz as city wire inspector. Several local insurance men were signers of the petition which was received and filed.

The matter of reducing the license of the broom factory industry was referred.

The culvert under Baumer fill was reported in bad repair by the street inspector. The matter was referred with power to act.

Mayor Yeiser presented the result of his investigation into the cost of the city light plant to the city. The report was gotten up in formal style and states that the cost of the plant secured from annual appropriation since June, 1894, a period covering about 11 1-2 years, amounted to \$105,950. The cost of the plant, according to the mayor's figures, was \$23,969.50. The cost of operation each year exceeded the appropriation. The total running expenses was given as \$115,196.04 for the past 11 1-2 years.

The mayor stated that the average cost per light per year was \$6.03 without counting interest.

Mayor Yeiser stated that he would admit there had been bad management but even at that the lights cost but \$6.03. He stated that he would also present a gentleman who would make a contract with the city to furnish lights to the city at \$60 per light, if he be permitted to sell incandescent lights at what he could get. The mayor's report reviewed the history of the light plant, using his white-wash brush with remarkable skill. In conclusion the mayor invited a close investigation of his report and recommended that the board of works be permitted to overhaul the plant and run it for the city.

Mayor Yeiser read a communication from The Laverne Machine Co., who want to contract to refit the light plant, asking about the machinery, etc. The letter stated that the company could furnish gas engines and the cost of lights per year, at 4,000 lights, would not exceed \$17.50 each a year, if their plant was used.

The auditor's report was received and filed. It showed a balance on hand February 1 of \$98,714.02, collections \$5,203.14, disbursements \$17,732.36, leaving a balance of \$86,184.80 at the close of the past month.

The report of the finance committee for salaries, accounts, etc., total \$6,860.81, was received and filed.

The joint finance committee recommended a tax rate of \$1.65 per \$100. The report was received and filed.

The finance committee presented an offer from Attorney James Campbell, Sr., to represent the city in the Cumberland Telephone company controversy for \$500, the attorney to pay his own necessary traveling

expenses. The communication was received and the proposition rejected.

The following ordinances were read:

Ordinance fixing the tax rate at \$1.60. First reading.

Ordinance exempting new manufacturing plants from taxes for five years, as an inducement to locate here. First reading.

Ordinance for the sale of a steam ferry franchise for operating a boat between Paducah, Brookport, and the Illinois shore. First reading.

Resolution to have a "block map" for the use of the tax book supervisors, made. Second reading.

Ordinance regulating the number of police in the city of Paducah. Second reading.

Ordinance for the improvement of 19th street from Washington street to the Mayfield road. Second reading.

Ordinance amending the license ordinance to remedy several small matters. First reading.

Resolution to refuse saloon license or renewal of liquor license if the applicant has been found guilty of a violation of a city law or ordinance. First reading.

Resolution for the board to act on no ordinances, except in emergencies, if the ordinance has not been passed through the hands of the ordinance committee and city solicitor. First reading.

Ordinance to let a contract for 75 lights to the Paducah Traction Co., referred back to the board of Aldermen.

Councilman Barnett was asked to take the chair and President McIlroon made a short speech.

He stated that there seemed to be a misunderstanding relative to the light matter; that he wanted to say first the council, singly and individually, was for the people first, last and all the time. He stated that several matters were brought to the boards when the change of boards was made, and that some needed immediate action. The light plant, it was understood, was overtaxed, and that the city is in need of a new bridge or repairs to the old one, over Island Creek, and also on Childwell avenue leading to the depot.

"All these three matters should be acted on at once, and yet we are greeted with the problem of a reduced tax rate," President McIlroon explained. "We think that something should be done and we are trying to do it to the best interest of all. There are some taxpayers living on the outskirts of the city who pay taxes but who do not get the lights we do here in the heart of the city. We want to give every taxpayer an equal benefit and at no time did or does the board want or intend to turn the light plant over to outsiders. We simply have an emergency to meet, and are trying to meet it in an economical way."

There was applause when the president resumed his seat.

A petition for the extension of water mains on West Broadway was referred.

The fire committee recommended to have plans drawn for improvements to the No. 2 fire station for the installation of a fire engine.

An affidavit from A. V. Inner stating he is 21 years old. He was refused a liquor license at Ninth and Washington streets because it was thought he was not of age. The board ordered the license issued to the young man.

M. G. Yoder, 10th and Norton streets, was granted a liquor license. A wholesale and retail liquor license was granted The Biederman Co., at 115 and 117 South Second street.

Clarence Coker, at 10th and Husbands street, was granted a liquor license.

R. E. L. Moshell asked for a liquor license at 426 Broadway. He wants to go into business at the place now occupied by the Brunswick billiard hall. The application has been protested against and Attorney Thomas Harrison spoke in behalf of the applicant stating that Mr. Moshell was a gentleman through and through and that he has never had a complaint lodged against him since he knew him. Attorney Harrison stated that Mr. Moshell would run an orderly place as he always has, and while he realized he was city attorney and it might look peculiar in him, he did think that Mr. Moshell would run a very proper and orderly place. Mr. Harrison urged that the license be granted. Mr. Moshell intends to open a cigar store, saloon and up-to-date buffet. The saloon will be hidden from view by the cigar department.

PILES

Can Be Cured and We Can Prove It.

Sample Package Free.—Prove It Yourself.

When we say that we can cure Piles we mean just exactly what we say—nothing more, nothing less. We say it because we know it and stand ready to prove it to you or to any other person. Just as we have said it and proved it to thousands already.

It is because of these thousands that we have cured that we are able to say this.

We have done our part in calling your attention to this fact and it is up to you to disprove it. And we offer you the means of doing so, knowing that you can't and that when you try our wonderful Pyramid Pile Cure you will be so well pleased with it that you will go straight to your druggist and get a box of it.

And more than that, if at any time in the future any person tells you as you have told so many yourself, that they are suffering the agonies of the damned from piles, you will not rest until he or she has bought and is using a box and getting the same relief and cure that you got. We have seen it done.

Here, for instance, is a sample of what a sample did and shows very conclusively that we are dealing in cold, hard facts and not empty assertions. A person who gets a sample never fails to buy.

Mr. John Byrne of 2306 2nd avenue, New York City, writing under date of Jan. 17th, 1906, says: "I received the sample and used it right away. I got so much relief from it after 20 years' suffering, that I bought a 50 cent box. The almost unbearable pain is almost gone and my stool has almost disappeared. I had given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try them, as I can guarantee they are a sure cure."

Pyramid Pile Cure is for sale at every druggist for 50 cents a box and it is cheap at ten times the price to any one who needs it.

To get a Free Sample send your name and address today to the Pyramid Drug Co., 733 Pyramid Building, Marshall, Mich.

and the restaurant will be in the rear separate and apart from the saloon—a place where ladies may go.

The application was refused by a vote of 5 to 6, Councilmen Katterjohn, Meyers, Van Meter, Oehlschneiger and Williamson voting yes.

The Paducah Traction Company was granted permission to run its "trouble wagon" faster than the city ordinance provides in case of fire or broken live wires in the city limits.

The matter of having city ordinances printed in book form, was left to the discretion of the solicitor.

The city solicitor was ordered to institute suits in court of the collection of back taxes.

Councilman Williamson complained that the people are blocking the streets and sidewalks and also splitting on the sidewalks and suggested that the chief of police instruct his men to enforce the "move on" and anti-spitting ordinance.

A proposition from Mr. Mitchell, a local produce dealer, to supply the city by the month, was read. The matter was referred.

It was ordered that all stuff bought by the city be weighed on the city scales and that no bills be paid unless the salesman have the city weigher's card showing that the stuff has been properly weighed.

A petition from property owners on Meyers street asking for the opening of a public alley was referred.

Solicitor Campbell declared he needed help in the telephone company litigation and asked if the council would not allow him assistance. He did not care who.

Councilman Katterjohn suggested that the telephone matter be dropped because the city had been beaten at every turn so far by the telephone company.

Councilman Oehlschneiger moved to employ aid for the solicitor, inasmuch as the boards had heretofore voted to carry the telephone matter to the highest court, if necessary. The matter was referred to a committee to confer and select counsel.

City Attorney Tom Harrison complained that the license ordinance was causing trouble and suggested the license ordinance be redrafted in order to reach some few cases which are causing trouble.

Councilman Williamson moved to draft an ordinance covering all defects of the license ordinance. Motion adopted.

On motion the board adjourned.

PREVALES IN CHICAGO — SALOON MEN LOST.

Mayor Dunne Announced That He Will Sign the Ordinance.

Chicago, March 6.—As a step toward stamping out crime in Chicago, the city council last night passed an ordinance doubling the saloon licenses. Heretofore, a saloon license has been \$500 but commencing May 1, unless Mayor Dunne should veto the ordinance, the saloon keepers will be compelled to pay \$1,000 for the privilege of selling liquor. With a license costing \$500, Chicago has 7,117 saloons. The saloon element put up a bitter fight against the high license plan but the ordinance carried by a vote of 40 to 28.

After the council adjourned Mayor Dunne announced he would sign the ordinance without delay. Should the present saloon keepers remain in business, the city's increased revenue will be \$3,750,000. Should the number drop to 6,000 as expected, the increased income will be about \$2,250,000.

DIED LAST NIGHT.

"Johnnie" Connelly at Riverside Hospital From Congestion.

"Johnnie" Connelly, an aged Irishman, was taken from the Tennessee House on Lower Kentucky avenue, yesterday afternoon late by City Physician J. W. Bass and placed in the city hospital for treatment for congestion of the lungs, and died at 10:30 last night without regaining consciousness.

Connelly had been unable to do any work for a year or two on account of ill health and has been in the county poor farm. He got out several days ago and slept at the Tennessee House Saturday night. Sunday morning he came back and

PARK SITES WILL BE LOOKED INTO

As Soon as Mayor Yeiser Has Recovered.

Several Sites Are in Contemplation and Will Be Looked Over by the Committee.

FARMERS' MEETING TOMORROW

The mayor is resting after his arduous task of getting up the light plant cost figures, but in a few days, with Alderman Starks and other members of the council boards, he will go out to look at some sites proposed for city parks.

The mayor is very anxious to get a park for the city, and the council entertains the same views, so something will probably be done toward buying one this year. A few years ago, the mayor appointed a committee to look at some available sites, and it did, but nothing was ever done with its recommendations.

Country Club Organization.

A meeting will be held at the Commercial club headquarters tonight to perfect an organization for establishing a country club, as announced in the Sun yesterday, and from present indications the club will be organized and the club house erected this year, as every one approached deems the proposition a good one.

The Mayor's New Cane.

The mayor has a walking cane given to him by the late Wm. Porteous which Mr. Porteous brought over from Scotland, which he is showing his callers today. It is buckthorn, and makes a handsome cane.

Large Meeting of Farmers Expected.

Secretary Coons, of the Commercial club, is expecting a good meeting of the farmers tomorrow morning to organize a farmers' institute. The meeting will be held at 10 o'clock.

A Fakir.

"Why, what's the matter, my boy?"
"Sh-h! Not a durn' thing, mister! But de gods does love a feckin' hero!"
—New York World.

Speed Limit.

Grace—When Tom proposed in the automobile, were you in love with him?
Helen—I was carried away with him.
Grace—You don't say?
Helen—Yes; he lost control of the machine.

Crittick—"Did you ever notice how artists always depict Cupid without any clothes, even in winter scenes? I often wonder why."
Newlred—(dreamily)—"I suppose it's to show how almost impossible it is for true love to grow cold."
—Philadelphia Press.

RIVER NEWS

River Stages.

Calro 31.2—0.9 rise
Chattanooga 8.6—0.8 fall
Cincinnati 24.0—1.0 fall
Evansville—missing.
Florence—8.0 rising.
Johnsouvile 11.0—1.9 rise
Louisville 9.2—0.3 fall
Mt. Carmel—missing.
Nashville 20.9—0.7 rise
Pittsburg 7.0—0.2 rise — now falling.
Davis Island Dam. 8.5—0.3 rise—now falling.
St. Louis 20.5—0.1 fall
Mt. Vernon—21.0 rising.
Paducah 21.0—0.2 rise

The Charles Turner left today for the Tennessee river for a tow of ties for the Standard Tie Co.

There is a good stage of water in the river at present, the gauge today registering 21.1 a rise of 2. since yesterday.

The City of Savannah will leave St. Louis on her first trip in the Tennessee river and St. Louis trade tomorrow.

The Peters Lee will leave Memphis tomorrow for Cincinnati.

The Stacker Lee will leave Cincinnati for Memphis tomorrow.

The Dick Fowler had a good trip for Cairo today. The Hopkins, from Evansville, had a number of passengers for her and she waited until the Hopkins came in, about 8:30.

The Margaret will leave for the Tennessee river today.

The Lydia left for the Cumberland river today.

Inspector Green and Macdonald, of Nashville, are expected today to inspect the new towboat, J. M. Johnston.

The Hopkins was the Evansville packet today.

A Memphis dispatch says: The City of Idaho after being aground at Cedar Point for the past month, got off yesterday on the present rise in the river, and will resume her trips Tuesday to Randolph.

The excursion steamer Louisiana that has been lying high and dry near the water works pumping station at Evansville so long, will be launched at the expense of the insurance companies should the present rise not take her into the water.

The Hyman liner Richardson will make her initial trip in the St. Louis-Calhoun trade March 10. Capt. Tom Ryman will be in command.

Capt. J. H. Throop, of Smithland, is visiting friends and relatives in the city. Capt. Wm. Blencoe, of Paducah, is here on a visit. Wm. January has resigned his position as engineer on the Joe Fowler.—Evansville Journal-News.

Capt. George W. Totten, aged 60 years, a veteran riverman, died at Louisville last night as his home, 110 Cable street. Capt. Totten had been a river pilot for 25 years, and was known from Pittsburg to New Orleans. He began his career on the river as a cabin boy and held almost every other position on a steamboat. He leaves a wife and seven children.

The steamer Henry Harley which was tied up Monday afternoon for debt, was released yesterday afternoon, the claim having been settled. Capt. James Koger filed a claim amounting to \$101.04 with about \$49 costs for an old debt against Capt. Handley, owner of the boat. Yesterday afternoon representatives of the owner came to Paducah from Nashville, settled the claim and secured the release of the boat. The total debt with costs etc., amounted to a little more than \$150.

Capt. J. F. Brownlisk, of Carrollton, Ky., was in the city today on his way to Joppa.

PRESIDENT MCBROOM SAYS ALL MAY BE HEARD.

President Geo. O. McBroom, of the lower board of the council, said today that he believed he voiced the sentiment of every member of the council when he declared that when the light proposition came before that board, in due form, for action, that any man, woman, or child, in the city of Paducah would be given the privilege and time to express his or her views on the matter, and that if all could not be heard, he would be willing to sit in extra sessions, free of any salary, until every one who wished to do so, had expressed them.

He said this in reply to an inquiry of what he thought of the attempted reflection made on the board in some quarters to try to make the people believe that the council, in its action of last night, was denying anyone the right of expressing himself on the light question.

The mere lapse of years is not life; knowledge, truth, love, beauty, goodness, faith, alone can give vitality to the mechanism of existence.

KENTUCKY NEWSLETS

Crofton Man Paralyzed.

Hopkinsville, Ky., March 6.—J. L. Phillips, a well known sawmill man, was stricken with paralysis while walking on the street at Crofton. His entire right side is involved and his condition is precarious.

Students Dismissed.

Russellville, Ky., March 6.—A body of 16 men, principally theological students, were dismissed from Bethel College on account of having been impertinent to the faculty, and when the faculty demanded an apology they refused.

Lid On At Jackson, Ky.

Jackson, Ky., March 6.—The cases of Judge Hargis, Ed Callahan, Fult French, John Abner and John Smith, indicted for the murder of J. B. Marcum, were continued until March 12 and the defendants were released on \$10,000 bail. The lid is on tight in Jackson. The nightly rat-

tle of pistol shots, to which Jackson people were accustomed to retire, is unknown. Marshal James Stidham has promulgated the following: "I hereby give notice that there is a fine of \$1 for every oath sworn on the streets."

Cut by a Lamp Chimney.

Owensboro, Ky., Mar. 6.—Mrs. Sam Phister, who resides on Hathaway street, cut her arm and came very near bleeding to death before medical aid could reach her. Mrs. Phister was engaged cleaning a lamp chimney when the chimney broke, cutting her wrist into the artery.

Card of Thanks.

We wish to express our sincere thanks to our many friends who so kindly administered to us in our late bereavement, the death of our beloved husband and father. Also for the many beautiful floral designs. MRS. EDWARD MARTIN AND FAMILY.
